Our Vision

Our vision at CCP is to be an internationally acclaimed multi-disciplinary consulting firm, synonymous with delivering excellent professional services.

Our Mission

CCP is committed to providing creative and responsive solutions for the built industry to the delight of stakeholders.

Core Values

(CETRIC)

Creativity and Innovation

Team Work

Integrity

Excellence

Reliability

Courage

CCP QUALITY POLICY

To consistently deliver professional consultancy services in the built environment that aligns with the strategic direction of the organization and meets the needs of our interested parties. This shall be achieved through effective implementation and continual improvement of a Quality Management System that fully complies with the requirements of ISO 9001:2015 standards; active customer engagement, deploying highly competent and dedicated workforce and the use of technology while complying with all applicable statutory and regulatory requirements.

This Quality Policy is the framework for establishing and reviewing our Quality objectives.

General Information about Consultants Collaborative Partnership LLP

Company Profile

Consultants Collaborative Partnership is all about 'Building Visions.'

- With over 30 years of experience in the Nigerian and African environment, CCP offers professional Architectural Design, Civil/Structural and MEP Engineering, Project Management and Quantity Surveying Consultancy Services, delivered with the adoption of cutting-edge technology and dedicated manpower which guarantees effective project delivery. We have executed projects of excellent value and professional acclaim in most major cities of Nigeria – from private residences to shopping malls; from multi-storey residential blocks to 500-unit housing states – cutting across the Residential, Commercial, Institutional, Hospitality and Industrial sectors.
- Our goal in this century is to remain at the fore front of creativity by providing responsive design solutions coupled with excellent professional services through the use of state-of-the art technology, skilled manpower, and an organizational structure that enhances productivity.
- In 1990, the partners of Consultants Collaborative Partnership registered Klif Consultants as an architectural partnership providing architectural building consultancy and project management services, landscape and interior design solutions for various categories of clients. Over the years, a Structural Engineering firm – Structural Designs Consultants Limited (SDCL) and Mechanical and Electrical Engineering firm – Building Consultants Limited (BCL) were established and the three companies have now merged to become Consultants Collaborative Partnership (CCP), a completely multi-disciplinary firm that caters for all the consultancy services required to carry out building projects in our environment.
- With a core staff strength of over 50 professionals in architecture, project management and affiliated engineering disciplines and the use of the most recent information technology in the production of contract information, the firm has over the years acquired a thorough capability to execute medium to large scale projects from feasibility through design and contract Administration to completion and project handover.

Professional Services Offered by the Firm

The firm offers Architectural and Project Management Services; Civil/Structural Engineering Services; Mechanical & Electrical Engineering Services; Quantity Surveying Services—as a consortium or working separately in close relationship with other consultants;

- Project inception and feasibility; entailing brief taking and analysis; coupled with preparation of financial feasibility studies in the case of commercial projects. Over the years, the firm through wide ranging experience, has been able to understand the pro's and con's of individual clients objectives, requirements and established priorities and criteria, thus has become better placed in dealing with all range of design challenges.
- Preliminary design: This involves the preparation of sketch proposals, highlighting client's requirements and criteria, thereby generating critical information required for the engagement of relevant contractors.
- Production information: - Complete production of working drawings and documents necessary for construction, planning approval and tender action.
- Project Supervision: Consultants Collaborative Partnership's involvement at this level of project development entails management and supervision with a view to ensuring compliance with contract terms and attainment of a high level of workmanship. In most contracts, our project management objective is to ensure the delivery of high-quality buildings at a reasonable cost within a good timeframe.

Our services can be broken down as follows:

ARCHITECTURE

- Brief Formulation
- Feasibility Studies
- Concept Design
- Preliminary Drawing
- Production Information
- Contract Administration and Supervision
- Project Handover and Closeout
- Post Occupancy Evaluation

PROJECT MANAGEMENT

- Project Feasibility & Inception
- Project Guidance & Pre-Contract
- Value Engineering & Analysis
- Cost Control & Content Analysis + Recommendations
- Quality Control and Monitoring & Control of Construction Processes
- Content Framework
- HSE Awareness

ELECTRICAL ENGINEERING

- Electrical Power Supply/Reticulation System
- Power Quality Testing and Monitoring
- Systems Commissioning
- General and Emergency Lighting Design
- Electrical Protection Systems (Earthing & Bonding/Lightning Protection)

ELECTRONIC SYSTEMS ENGINEERING

Design and supervision of extra low-voltage systems such as:

- Fire Detection and Alarm Systems
- Burglar Alarms
- CCTV
- Access Control
- Voice & Data Systems
- CATV/TV Systems
- Home Entertainment Systems
- Building Automation

MECHANICAL & PLUMBING ENGINEERING

Design and supervision of:

- Plumbing (Water Supply System, Public Health, Rainwater Drainage and Suppression)
- Borehole and Water Treatment Systems
- Sewage Treatment Systems
- Swimming Pools, Fountains & Water Display Features
- HVAC design
- Fire Protection & Suppression Systems
- Escalator, Elevator & Travellator - Design + Specification

CIVIL & STRUCTURAL ENGINEERING

- Concept Design
- Detailed Engineering Design (Concrete and Steel structures)
- Construction supervision
- Evaluation of structural integrity of defective buildings
- Road, Highway and Drainage Designs
- Environmental Impact Assessment/Analysis
- Transportation Planning

Recently Completed/
On-Going Projects

GUARANTY TRUST BANK

- LOCATION:** Akin Adesola St, V.I Island, Lagos
- CLIENT:** Guaranty Trust Bank
- SITE AREA:** 2098 sq.m.
- COMPLETED:** September 2011
- SCOPE:** Architectural and Structural Services
- FACILITIES:** 508 sq. of banking hall
- Comprising 24 Teller points
 - 153sq.m.of Bulk counting Hall comprising Teller points
 - 5,667 sqm of Office Space with 9th and 10th floors Atrium
 - **Internet Banking Hall**
 - 70 Nos Car Parking Spaces on 3rd and 4th floors
 - 40 Nos Car Parking Spaces on ground floor
 - 2 nos. car lift
 - Maintenance Offices

MANSARD INSURANCE

- LOCATION:** Bishop Aboyade
Victoria Island Lagos
- CLIENT:** Mansard Assurance
- SITE AREA:** 4,300sq.m
- COMPLETED:** September 2013
- SCOPE:** Project Management,
Architecture,
Structural and MEP
Services
- FACILITIES:** A Block of 5 storey
office building
consisting of
9,659sq.m
- 7,292sqm of lettable space
 - 109 Car Parking space and 33 visitor's car parking space
 - Service Building

CCP PLACE

LOCATION: Oniru Estate, Victoria Island, Lagos
CLIENT: Tami Thames Limited
SITE AREA: 3,500sq.m
COMPLETED: June 2011
SCOPE: Project Management, Architecture, Structural, MEP and Interior Services

FACILITIES: Office space on 4 floors of about 2,000sqm

- Staff Canteen
- Generous Parking Space on lower ground
- Generous lobby space
- Maintenance office

BAY ATLANTIC

LOCATION: Freedom Way, Off Lekki-Epe Expressway, Lekki, Lagos

CLIENT: Delta Afrik Engineering Limited

SITE AREA: 9,379sq.m

COMPLETED: July 2013

SCOPE: Architectural Services

FACILITIES: A block of 9 storey building consisting of 11,000sqm office space inclusive of

- A lunch area on the mezzanine floor
- 256 Car Parking space and 33 Visitors' Car Parking Space.
- Service Building
- Sewage and Water treatment plant

KINGSWAY TOWER

LOCATION: 24, Glover Road, Ikoyi, Lagos

CLIENT: Skyview Towers Limited

SITE AREA: 4,997sq.m.

COMPLETED: June 2017

SCOPE: Architecture, Structural, MEP and Interior Services in collaboration with SAOTA Architects and Sunderland Engineers.

- 13,317sq.m. of lettable office space
- 337 nos. Car Parking Spaces
- Aluminium Sunscreen Facade
- Grand Coffered Podium Slab
- 360° Curtain Wall for Maximum View of Surrounding City Scope

FACILITIES: Automated Access Control

- Lettable Retail Spaces
- Outdoor restaurant
- Sewage and Water Treatment Plants
- Playground
- Extensive Building Services Engineering

MTN OFFICE FACILITY

LOCATION: Port Harcourt, Rivers State

CLIENT: MTN Nigeria

SCOPE: Project Management,

Architecture & Interior Service

FACILITIES: Office Building

IN-FLIGHT CATERING CENTRE FOR ASL PLC.

LOCATION: Ikeja, Lagos

CLIENT: Airline Services and Logistics PLC

SITE AREA: 3,000sq.m.

COMPLETED: 2004

SCOPE: Architecture, Structural and
MEP Services Engineering for:

- Preparation and Packaging Rooms
- Bakery
- Storage and Delivery Bays
- Chiller Rooms
- Staff Conveniences and Spaces

FACILITIES: ☑ Maintenance Offices

- Plant Rooms
- Laundry

DAY WATERMAN COLLEGE

- LOCATION:** Asu Village, Abeokuta, Ogun State
- CLIENT:** Day waterman College Ltd
- SITE AREA:** 35,439 Hectares
- COMPLETED:** Phase 1 - August 2008
Phase 2 - October 2010
Phase 3 - Completed in 2004
- SCOPE:** Project Management, Architecture, Structural and MEP Services
- FACILITIES:** Administrative Building
- Classroom Block
 - Science Building
 - Learning & Resource Centre (Library)
 - Arts & Culture Centre
 - Vocational Centre
 - Dining Hall
 - Multipurpose Hall
 - Guest House
 - Male & Female Hostels
 - Staff Residences
 - Clinic

RAINBOW COLLEGE

LOCATION: Abeokuta, Ogun State
CLIENT: Rainbow Educational Services Limited
SITE AREA: 6,396 Hectares
COMPLETED: May 2009
SCOPE: Project Management, Architecture, Structural and MEP Services.

FACILITIES: Administrative Building

- Classroom Block
- Dining Hall
- Multipurpose Hall
- Guest House
- Male & Female Hostels

JAMES HOPE COLLEGE

- LOCATION:** Lagos-Asaba Road, Agbor
Delta State, Nigeria
- CLIENT:** James Hope College
Foundation
- SITE AREA:** 16,1251 Hectares
- SCOPE:** Project Management,
Architecture, Structural and
MEP Services.
- FACILITIES:** Female Hostel 2 – 1015.6sqm
- Male Hostels 2 – 1015.6sqm
 - Principal's Residence – 142.6sqm
 - Vice Principal's residence – 175.8sqm
 - 1 Block 6nos. 3 bedroom Apartments – 334.8sqm
 - 1 Block 6nos. 2 bedroom Apartment – 223.5sqm
 - Dining Hall – 1555.6sqm
 - Administrative Building – 822.9sqm
 - Science Block – 841.3sqm
 - 1 Block of 2 nos. studio Apartments
 - Recreational facilities:
football pitch
 - Swimming Pool, Tennis Court,
 - Volleyball Court

GROSVENOR COURT

LOCATION: Temple Road, Ikoyi, Lagos
CLIENT: Regency Towers Limited
SITE AREA: 9,200sq.m.
COMPLETED: December 2009
SCOPE: Project Management, Architecture, MEP Services and Structural Engineering for:

FACILITIES:

- 28nos Luxury Apartments
- 4 nos. Luxury Penthouses
- 2 nos. Studio Apartments
